PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Sugar Hearing Is Cancelled Here

An informal sugar quota hearing was held in New Orleans on February 6, 1962, at which time representatives of processors, organizations and certain growers testified. Such meeting was arranged by the Sugar Division, ASCS, at the request of the American Sugarcane League.

In view of the widely different opinions of some of those speaking, the Florida ASC State Committee recommended that one section of any future hearing be held in Florida in order to permit any interested grower or processor to testify without the necessity of traveling to New Orleans for that purpose.

Tentative plans had been made for this hearing at Canal Point, Florida, on March 15 but due to reaction from certain Florida growers and processors who desired only one hearing, the Department evidently chose to cancel plans for the Florida part of the hearing.

The United States Department of Agriculture has announced that an informal public hearing will be held March 13, 1962, to receive information and recommendations with respect to establishing restrictive farm proportionate shares (acreage allotments) for the 1963 sugarcane crop in the Mainland Sugarcane Area (Louisiana and Florida). The hearing will begin at 10 a.m. in the Queen Anne Room, New Monteleone Hotel, New Orleans, La.

The marketing of sugarcane for the production of sugar from acreages within the proportionate shares for their farms is one of the conditions that producers must meet to qualify for Sugar Act payments.

Recent estimates of production from the 1961-crop, and reports of greatly expanded plantings of sugarcane for the 1962-crop harvest in Florida, indicate the likelihood that 1963-crop acreages of sugarcane must be restricted.

Views and recommendations of interested persons are desired at the March 13 hearing on all matters relating to establishment of proportionate shares.

The current Sugar Act expires June 30, 1962. Therefore, since the sugar quota provisions applicable after that date will not be known until new or continuing legislation is enacted.

Tag Sales Increase Glades Office Bldg.

An increase of 9.3 per cent in tag sales over last year in the office of Tax Collector at the Glades Office Building, is reported by Mrs. George C. Young, who represents Tax Collector Stetson O. Sproul.

Mrs. Young pointed out in the report that 8,858 tag sales were made in January and February of 1962 as compared to 8,104 sales last year during the same two months.

Boat registrations totaled only eight last year in the two month period but 1962 showed an increase to 25 registrations.

The office has been handled adequately and efficiently at all times by Mrs. Young and during the rush period when folks buying tags at the last minute. A system of using

Miss Hammond Now With Pahokee Clinic

Miss Lynette Hammond, a registered nurse in Pahokee, has recently graduated from the School of Anesthesia at Charity Hospital in New Orleans, Louisiana. She is now anesthetist at the Potete-Harrison-Ramsay Medical Clinic in Pahokee.

Official Notice Of Cancellation

Following cancellation of the proposed sugar cane quota hearing at Canal Point, County Agent "Red" Mounts received a communication from O. P. McArthur of Gainesville, Fla., telling of said cancellation. For information of those interested, it is printed below:

State Office — Gainesville
March 5, 1962
Mr. M. U. (Red) Mounts
County Agricultural Agent
West Palm Beach, Florida
Dear "Red":

This will confirm my telephone conversation with you Friday advising you that the proposed Florida section of the sugar hearing will not be scheduled as previously indicated.

At the request of our Area Office in Washington, we contacted you about 10 days ago and you very kindly arranged for the use of the Community Building in Canal Point to hold the proposed Florida part of the hearing. I appreciate sincerely your efforts in arranging for this space which was obtained through the courtesy of Mr. Paul Rardin, Publisher of The Everglades News.

Attached is a copy of my Florida Notice SU-34 and attachment thereto of the press release announcing the New Orleans hearing. I am still unable to account for the fact that many Florida growers in effect protested the scheduling of the part of the hearing in Florida and only hope that those growers who were looking forward to testifying at the Florida hearing will be able to have a spokesman at the New Orleans meeting.

Again, let me express my appreciation to you for your efforts in obtaining the space for which plans have now been canceled.

Sincerely Yours
O. P. McArthur
State Executive Director

Nineteen members of the Pahokee Business and Professional Women's Club attended the musical "Bye Bye Birdie" at the Musicarnival in West Palm Beach Tuesday night.

Bureau Directors Will Meet Tuesday

The members of the Board of Directors of the Everglades Farm Bureau will meet at 8 p.m. on Tuesday, March 14, at the Community Building in Canal Point. A representative of the Tax Assessor's office in West Palm Beach will be present to discuss the newly planned arrangement for assessing farm equipment.

card board numbers was worked out by Mrs. Young and this aided in keeping the tag buyers properly in line.

Conner & Cabinet Back Sugar Act

Tallahassee — State Commissioner of Agriculture Doyle Conner said Tuesday an increased sugar quota for Florida could add between \$8-\$10 million dollars to the state's annual payroll.

Conner, in a telegram to Florida's congressional delegation, stressed that the proposed quota increase was important not only to Florida agriculture but also to the state's general economy.

Under the terms of a proposed new sugar act, which is ready for introduction in Congress, The Mainland sugar cane quota — including Florida and Louisiana — would be increased from 600,000 tons to 900,000 tons.

There are several domestic sugar producers. These are classified as mainland cane (cane grown on the mainland of the United States), continental beet, (which is sugar beet producers), and Hawaii and Puerto Rican sugar producers.

Conner said he is hopeful that President Kennedy will announce some administration policy on the increased quota during a visit to Florida next Saturday.

Conner said, "We spend thousands of dollars each year trying to attract new industry to Florida. Here is an industry, already established in our state, which can add millions of dollars to our economy through expansion — if given the opportunity."

The telegram to the congressional delegation follows up action by the Florida Cabinet, which passed a resolution urging Congress to increase Florida sugar allotment.

The Cabinet action was taken after Conner met with Florida sugar producers at Clewiston last week.

State SACC Group Okehs Sugar Act

At the request of County Commissioner Paul Rardin, who is a state director of the State Association of County Commissioners, the Executive Committee of the Association sent a telegram to each member of the Florida Congressional delegation asking that a new sugar act be passed.

The telegram was sent Tuesday of this week and read as follows as it went from the Tallahassee office of the Commissioners' Association to each member in Washington.

"The Executive Committee of the State Association of County Commissioners strongly urge you to consider and support the resolution adopted by the Florida State Cabinet relating to the passage and enactment of a new sugar act during the second session of this Congress.

JACK DURRANCE,
President, State Association
of County Commissioners,
Tallahassee, Florida."

AT LANTANA HOSPITAL

Mrs. Gertrude Williams Wilson of Pahokee entered the TB hospital in Lantana last week. Those wishing to drop her a card can send it care of the TB Sanatorium, Lantana, Florida.

Patterson Circle To Meet Next Monday

The Ione Patterson Circle of the Canal Point Baptist Church will hold their regular monthly meeting Monday, March 12, at 3:00 p.m. at the home of Mrs. Paul Rardin. Mrs. J. J. Walker will have charge of the program.

Roberts & Thomas No Demo Opposition

Palm Beach County's energetic, efficient and capable members of the State House of Representatives — Hon. Emmett S. Roberts of Belle Glade and Hon. Jerry Thomas of West Palm Beach — will have no Democratic opposition in the May 8 primary election.

In the general election in November each of them will have Republican opposition. Donald Reich of Palm Beach Shores planned to run against Representative Thomas in November and Paul Behout J., of Boca Raton will oppose Representative Roberts in the general election.

County Commissioners Ben Sunday and Lake Lytal qualified on Tuesday of this week with Clerk Alex Arnette as candidates for re-election. Up until press time no one had qualified against them but each expects opposition.

Other important races are as follows: Three school board seats now held by Democrats Thurmond Knight, Harold A. Turner and Ralph H. Kettler.

Other races equally important, involve judge of the magistrate district in Western Palm Beach County, held by Democrat James L. Tyson, Jr.; judge of the juvenile and domestic court, held by Democrat Emory Newell; Commissioner of the Inland Navigation District, held by Democrat Gleason M. Stambaugh; clerk of criminal court of record, held by Democrat John Dunkle; judge of criminal court, held by Democrat Hugh MacMillan; and judge of small claims court, now held by Democrat Don Sinclair.

Band Concert Held With PTA Meeting

The monthly meeting of the Canal Point PTA was held Monday night in the school auditorium with Mrs. W. E. McCall, president, presiding.

The Pahokee High School Band, under the direction of R. O. Lampi, gave a concert for those in attendance at the PTA meet. Warm applause followed each number and as usual Mr. Lampi and his group gave an excellent program.

The PTA voted to buy instruments for the rhythm band to be directed by Mrs. Ruth Snider, music instructor. Mrs. Billie Huddle's room won the room contest.

Hostesses for the evening were: Mrs. Floyd Browning, Mrs. Floyd Erickson, Mrs. A. R. Harrington, Mrs. W. C. Young, Mrs. Jerry Resmondo, and Mrs. Charlotte Bradlock.

Mrs. McCall announced that five members had finished the Red Cross First Aid Course. They are: Mrs. Larlick, Mrs. Jack Hewell, Mrs. Floyd Erickson, Mrs. McCall and Mrs. Joe Carr.

Ramie Road Bridge Bids Next Monday

The Glades District road department of Palm Beach County, under the direction of County Commissioner Paul Rardin, is busy constructing 2 1/2 miles of county road from the Ramie Mill south on recently acquired right-of-way.

The first piece of right-of-way from Connors Highway south for 1 1/4 miles to the Ramie Mill was secured last fall from the U.S. Sugar Corp., along with the already-built black top road.

Present plans call for construction of a concrete bridge over the main canal of the Pahokee Drainage District immediately east of the Ramie Mill.

Sealed bids will be received by the Board of County Commissioners, up to and opened at 11:00 a.m. March 12, for the furnishing of all materials, labor, equipment and supplies necessary for construction of a 60-foot concrete bridge with precast-prestressed composite concrete piling. Precast-prestressed concrete superstructure or monolithic concrete superstructure over Pahokee Drainage District Canal 2 on Ramie Road in Palm Beach County, Florida.

Plans and specifications may be obtained at the office of the County Engineer, County Courthouse, West Palm Beach, Florida, by all bona fide bidders.

Local Phones Will Get New Numbers

Southern Bell Telephone Company's plans to convert all telephone numbers in the Pahokee-Canal Point areas will conclude when the new numbering plan goes into effect April 15, 1962.

"All numbers will take on a new look," Bob Lee, manager for the company, reports. "Every number will be made up of seven digits beginning with 924, in place of the three and four digit numbers presently in operation." Most of the existing numbers will be just as they are with the addition of the numbers 924, while others will be changed completely.

When dialing Belle Glade numbers, it will not be necessary to dial 8 as in the past. Just dial the number desired. Those calling Pahokee from Belle Glade will not longer need to dial 4.

A new telephone directory will be delivered prior to the change over date. Please check this new directory before you dial any number on April 15. If you have not received a new directory by April 11, please call the business office and they will mail you one immediately.

This number change is a part of a nationwide telephone expansion program and a step in the direction of eventual dialing of long distance calls by customers.

Army engineers Sunday said bids will be opened April 5 on the 13-mile section of the Herbert Hoover Dikes, which are being raised to permit storage of greater quantities of water.

District Engineer Col. J. V. Solluh said the levee, from a point near Clewiston to Moore Haven, will be raised two to six feet, depending upon ground elevation.

Sports Car Race
At Sebring Mar. 24

Tallahassee — Florida will be the sports capital of the world in March, according to the Florida Development Commission. The Sunshine State will have 170 sports events for residents and visitors to choose from, both spectator and participants.
Auto racing will be featured at the annual International Grand Prix Sports Car Endurance Race at Sebring March 24. This event draws more than 40,000 spectators each year. Other racing events will be staged at Key West, Miami, Hollywood, Daytona Beach, Palmetto and West Palm Beach.
March also signals the beginning of Florida's major league spring training baseball season with exhibition games among all 14 teams

based in the state. They are scheduled to begin March 10.
Major attraction of boating events will be the International Flying Dutchman Regatta at St. Petersburg, March 3-10. Fishing tournaments will hold sway the length and breadth of the state all month long.
Jai Alai fans will find action at the Dania Fronton, Tampa Fronton and in Miami, Orlando and West Palm Beach. The famous Flamingo Handicap for horse racing fans was run at Hialeah March 3 and the Florida Derby will be run at Gulfstream March 31.
Name your sport and you will find action somewhere in Florida during March, say Development Commission officials.

Wild Hog Jamboree
Scheduled March 10-11

Naples (FNS)—Think you can shinny up a pole? If so, then

you're a likely candidate in the competition scheduled for the Big Cypress Wild Hog Jamboree and Barbeque on March 10 and 11.
The ingredients include a tall cypress pole, liberally doused with oil and grease. The objective is to shinny high enough to collect a cash prize, if you can grab it before you slip back.
The event is sponsored by the Everglades Conservation and Sportsman Club and will be held on the club grounds just south of Monroe Station on U.S. 41 between Naples and Miami.
The jamboree will also feature a wild hog barbeque dinner in addition to other outdoor events and competitions.

School Systems
After FSU Group

Representatives of school systems in Florida and four other states will put in their bid Thursday for services of about 450 prospective teachers who are completing their studies at Florida State University.
They will come together at the third annual teacher placement conference to be held at FSU. Group meetings and personal interviews are on the three-day program.
Dr. Garth K. Blake, director of educational placement and internship, said that in addition to 24 county systems in Florida, repre-

sentatives would come from California, Georgia, Illinois and Maryland.
Of the 1962 graduates at FSU, 172 have indicated they wanted to go into elementary classes.
Checker Of The Year Will Be Named
Miami — Nine cashiers from among some 90 Food Fair supermarkets in South Florida have been selected to participate in the semi-final round leading to the selection of Food Fair Stores, Inc. "Checker of the Year."
Selection of the contestants was made on the basis of vote cast by shoppers for their favorite checkers and an evaluation of their job performance by store managers and supervisors. Following a series of tests and personal interviews, two from the group will be named to

take part in the final round in Miami.
Food Fair's Checker of the Year finalist will compete with representatives from other companies for the first prize award of two weeks vacation in Hawaii for two. The international Checker of the Year will be selected in May at the annual convention of the Super Market Institute, which sponsors the event.

Experiment Group Honors Whittemore

Hiram D. Whittemore, Agricultural Engineer, was the source of extreme pride and joy for all U.S. Department of Agriculture employees in the Belle Glade area on Monday, February 26; and for good reason. Mr. Whittemore was presented with a Certificate of Merit and Cash Award by Mills, H. Byrom, Leader, and W. M. Bruce, Chief, Harvesting & Farm Processing Research Branch, AERD, USDA.

The following citation, signed by Dr. B. T. Shaw, Administrator of Agricultural Research Service, Washington, D.C., was given to Mr. Whittemore:

"For outstanding performance, and ability in the development and construction of a field harvester-ribboner for kenaf and other long vegetable fibers and for general high standards maintained in the formation and solution of engineering problems that are encountered in research on other long vegetable fiber processing machinery.

"Mr. Whittemore has been responsible for the design, layout, and supervision of the shop construction of a kenaf harvester-ribboner which gathers, harvests, crushes, and ribbons kenaf stalks as the machine moves through the field, leaving the trash composed of leaves, shives, etc. on the ground for humus on the soil, and retaining only the best ribbon which contains the useful fiber.

"His initiative, responsibility, and devotion to the work beyond the call of duty has contributed materially to the excellent quality of research equipment produced by the long vegetable fiber laboratory.

"Through his efforts, completion of the ribboner was rushed in time for the 1961 harvest season and resulted in the initiation of a mechanized harvesting, retting, and fiber cleaning program which in the event of future shortages of soft jute-like fibers that have occurred in the past, would make large scale production of these fibers feasible in the continental United States."

With men of this caliber, know-how, devotion and drive, on our team, we will achieve the high scientific standards which we have set for ourselves, said Mr. Bruce.

Mr. Byrom, being a firm believer in a "pat on the back for a job well done," initiated the request for the award to the Executive Secretary, Incentive Awards Committee, USDA. This request received the enthusiastic support of Mr. Bruce, Chief of the Branch, and Dr. E. G. McKibben, Director, Agricultural Engineering Research Division, USDA, Beltsville, Maryland.

Mr. Whittemore was graduated from the University of Georgia in 1948 with a B.S. degree in Agricultural Engineering. He moved to Florida when he was employed by the USDA at the Everglades Experiment Station in 1949. He resides, with his wife Dresden, in the Lake Clarke Shores area of West Palm Beach.

Mr. Whittemore is the author of several technical publications concerning the harvesting and processing of fiber crops.

Local Entries Win Orlando Ribbons

Palm Beach County 4-H Club judging team was an entry in the Central Florida Fair in Orlando. Those participating were: Charles Everman and Russell Bean of West Palm Beach; Nancy Harrington and Janette Harrington of Canal Point. Janette placed eighth as an individual in the state in judging.

There were 13 poultry exhibits from Palm Beach County. The county also had the third best exhibit of birds from any county.

Poultry exhibits from Canal Point and awards were as follows: Dickey Strayer, three blue ribbons, six red and one white. Janette Harrington, five blue and five red.

Nancy Harrington, six blue and four red.

Ross Harrington, one blue and four red ribbons.

President Will Speak In Miami

MIAMI—President John F. Kennedy will honor this state when he joins with Florida Democrats in paying tribute to Senator George A. Smathers at a \$100-a-plate testimonial dinner Saturday night, March 10th at the Fontainebleau Hotel.

This event, honoring Senator Smathers for his outstanding service to Florida, is highly significant in the fact that this will be the first time that a President of the United States has made an appearance at a Florida Democratic Dinner.

Governor Farris Bryant, Chairman of Florida's Presidential Dinner, announced that members of his Cabinet, and U. S. Congressmen from Florida along with U. S. Senator Spessard L. Holland, have been named as vice-chairman for this Dinner. The members of the Cabinet are: Tom Adams, Richard W. Ervin, Ray Green, J. Edwin Larson, Doyle Connor and Thomas D. Bailey. Democratic Congressmen are: Charles E. Bennett, Robert L. F. Sikes, Dante B. Fascell, A. Sydney Herlong, Jr., Paul G. Rogers, James A. Haley and Donald Ray Matthews.

"I have known for some time that the Democrats of Florida are better united today than ever in the past, but our initial planning for this dinner has shown me how great our organization is," Bryant said.

"Florida Democratic leaders established close ties during our joint general election campaigns in 1960, and these bonds have been solidified during the ensuing months."

Low Lake Level Is Rough On Section

Agricultural interests on the southern and southeastern rim of Lake Okeechobee are beginning to feel the threat posed by the low water level in the lake according to the U.S. Army Corps of Engineers.

The continued drought threatens to reduce the level of the lake to an all-time low. At latest official reading the water level of the lake was 11.24 feet above mean sea level — more than two feet below the desirable level.

The low level has dropped the level of the navigation channel across the 730-square-mile lake to 6.7 feet deep, as compared with a project level of 8 feet.

The previous all-time low in the navigation channel was 5.5 feet during 1956.

"During the 1956 five-month rainy season (June to October), the Corps of Engineers registered 24.9 inches of rain over the lake," engineers said. "But last year's rainfall during the same period totaled only 17.06 inches — a new low for that period."

This led to a prediction by the engineers that the situation in Lake Okeechobee "will get worse before it gets better."

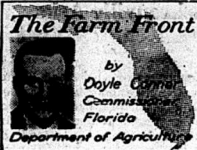

Ladies Nite Held By Pahokee Rotes

The Annual Ladies Night for Pahokee Rotary ladies was held last Thursday night at the Community Building in Canal Point with Robert O. Lampi, president, presiding. A delectable dinner was served by the ladies of the Church of God of Prophecy to the 100 folks in attendance.

Mr. Lampi presented Miss Ruth Colvard and Miss Sue Brower, Pahokee high school students, who sang. Miss Jann Plumer was the accompanist.

Guest speaker of the evening was Paul Yoder of Fort Lauderdale. He is a composer-arranger and held the rapt attention of the group for 40 minutes with his wit and humor. Only one Rotarian was absent.

CLASSIFIED ADS IN THESE BIG DIVIDENDS

As outlined by President Kennedy in his message to Congress, the Administration's proposed farm program adds new emphasis to the radical difference existing today between agriculture in America and that in Russia and China.

In America our farm problems are the result of productive abundance. In Soviet Russia and Communist China the farm problem is one of scarcity, with the specter of famine and starvation haunting the Chinese population.

"Our rapid growing capacity to produce far outruns the growth of our domestic and foreign demand for food and fiber," said the President. "This offers us an opportunity to manage abundance, rather than scarcity, an opportunity that is unique among nations of the world. It is relatively new even for the United States."

Mr. Khrushchev planned to summarize the state of Soviet agriculture, after another year of failures, at a special meeting of the Communist Party Central committee this week (March 5). According to recent news from Moscow, the party had called for increasing the crop area in 1961 by 7½ million acres. Instead, the actual increase was only 4 million.

Most of us are aware that our rising production in the U.S. and Florida has been achieved on fewer and fewer acres in recent years. But I doubt that many of us realize how drastic that reduction has been. The President pointed out that U.S. crops now are being harvested from 40 million fewer acres

than during the first two decades of this century.

Some folks may be startled, however, by this statement that by 1980 "our farms will be able to produce all we need with 50 million fewer acres than we have in cropland today" — and do it in spite of another 65 million increase in our population.

We Americans are expected to eat more red meat this year. Total production for 1962 is estimated at 29.3 billion pounds for a new high. Per capita consumption is put at 161 pounds. Consumption of beef, veal, pork, lamb and mutton in 1961 was 160.1 pounds per capita.

Beef and pork supplies are expected to be a bit heavier this year with lamb and mutton a bit lower and veal unchanged.

It was bound to happen sooner

or later. Newest in giveaway contests was the grand prize offered by a retail business in Nashville, Tennessee — a "de luxe" fallout shelter, fully equipped for a stay of 30 days by a family of four. Other prizes included the unusual list, from diamond rings on down to small amounts of cash.

A mechanized lettuce harvester in California is reported by the owner to have cut labor and marketing costs by 40 cents a crate. He says the new machine gives workers a chance to make as much as \$3 an hour with a guarantee of \$1.50.

It seems obvious that while increasing automation and mechanization in agriculture points toward higher wages for workers that are employed, it will tend to reduce the volume of imported or offshore labor that has played such an important role in harvesting our vegetable crops.

GIVE to your HEART FUND

3 out of 4 go back

Howard Hoyle had a heart attack. Here he is, with Grandson Tommy, back at his job.

Most heart attack victims now recover. Three out of four who recover return to productive work because of improved techniques in diagnosis and treatment and better methods of rehabilitation.

Your Heart Fund dollars helped to make this possible.

For medical advice, see your doctor.

For more information, ask your Heart Association.

For greater advances against heart disease,

Picture of a Promise

Sure, she's a grand old flag!
That's why we salute her.
That's why we pledge allegiance to her.

That pledge, in its simplest terms, is another way of saying, "Count me in. You're my country and I love you and need you. Your problems are my problems, and I'm with you all the way."

Your country's biggest single problem is the perpetual responsibility for keeping the peace its people want. You can help with this problem by remembering this:

Peace costs money. Money for military and industrial strength. Money for science and education. And money saved by individuals — by you — to help keep the economy strong. Bonds provide this money.

PERSONAL NEWS NOTES

Mrs. Don Adams and daughter, Donna, returned Sunday to their home in Arlington, Virginia, after a visit with Mr. and Mrs. Frank Wilson of Canal Point.

Mr. and Mrs. Dennis Wilson and boys, Mark and Matthew, from Troy, Ohio, are the guests of their parents, Mr. and Mrs. Frank Wilson of Canal Point.

Mrs. A. H. Scruggs returned to her home Monday after being a patient at the Everglades Memorial Hospital for several days. Mrs. Scruggs received a painful foot injury while at work at the Commissary at Bryant.

Mac Wright is able to be back at school after being home for several days from the flu.

R. J. Maxson is able to be out after being stricken with virus for several days.

Miss Jeanine Mack returned to her home in Gainesville Monday after a weekend visit with her parents, Mr. and Mrs. Rupert Mock, of Pahokee.

Mr. and Mrs. Charles Maxson visited Silver Springs and Cypress Gardens over the weekend.

Joe Parker returned to his duties at U. S. Navy yards in Norfolk, Virginia, after a few days visit with his parents, Mr. and Mrs. J. P. Parker, of Canal Point.

Mrs. Carl Wells of Reading, Mass., was the houseguest of her sister, Mrs. M. C. Carter and Mr. Carter several days this week.

Mr. and Mrs. Snyder Winan of Kent, Ohio were the dinner guests of Mr. and Mrs. M. C. Carter of Port Mayaca Wednesday.

Mrs. Edna Bennett of Hendersonville, N. C., is the guest of her daughter, and family, Mr. and Mrs. Edgar Wilson in Pahokee.

Miss Linda Hand of West Palm Beach was the weekend guest of her parents, Mr. and Mrs. Lester Hand, of Pahokee.

Mrs. Ruby Bush, who has been making her home for several months in West Palm Beach, is staying with Mrs. Peter Newton and children while Mrs. Newton's mother, Mrs. Wilson, is in the hospital.

Mr. and Mrs. J. E. Williams and Velma, of Cana Point were the guests of Mr. and Mrs. John Williams and family during the past weekend in Orlando.

Miss Betty Jean Clark has returned home after several days in the Everglades Memorial Hospital.

Mrs. Wiley Tillis was the over night guest Friday of her brother and family, Mr. and Mrs. Lawrence Jaudon, in Wauchula.

Mrs. Helen Brown of Georgetown, Kentucky, is the house guest of her sister and brother-in-law, Mr. and Mrs. W. S. Evans at their Cypress Lodge home in Port Mayaca.

Mr. and Mrs. D. P. Hughes of

pect their daughter, Kay, from Orlando for a visit this weekend.

Mrs. Mel Paul returned Sunday to her home in Fort Lauderdale. Mrs. Paul had minor surgery at Everglades Memorial Hospital and was a patient there for several days.

Mrs. H. M. McIntosh was a recent guest of Mr. and Mrs. G. L. McLarty in Lake Worth.

Miss Margaret Powell of West Palm Beach was the over night guest of her mother, Mrs. Ora Powell, Friday.

J. G. Weeks is able to be out again after being confined to his home with the flu.

The Canal Point Garden Club is planning a tour of a Rose Garden and Easter Lily Garden in Stuart for their regular monthly meeting March 15.

Jacksonville Asks Mrs. Kennedy Visit

Jacksonville — Senator George A. Smathers and Spessard L. Holland, Congressman Charles E. Bennett, Jacksonville, and other Florida Congressmen have invited Mrs. John F. Kennedy to attend the Ribalt Quadracentennial Celebration.

Mrs. Kennedy was invited by the congressional delegation to be guest of honor at a preview performance of "Next Day in the Morning," a play by Kermit Hunter, in the Jacksonville Coliseum, April 20. The play is scheduled to run May 1-17 and will commemorate the landing of Frenchman Jean Ribault at the mouth of the St. John's River, May 1, 1662.

Other Florida Congressmen signing the letter to Mrs. Kennedy were Robert L. F. Sikes, Crestview; A. S. Herlong, Jr., Leesburg; James A. Haley, Sarasota; D. R. Matthews, Gainesville; William C. Cramer, St. Petersburg; Dante B. Fascell, Miami; and Paul G. Rogers, Fort Lauderdale.

CLASSIFIED ADS PAY

Mr. and Mrs. W. S. Cross, who were called to Melbourne last week due to emergency surgery performed on their son-in-law, Doyle Branyon, returned to their home in Canal Point Saturday. Mr. Branyon is able to return to his home and is reported in very good condition.

David Ramey, who is stationed at Cape Canaveral, was the weekend guest of his parents, Mr. and Mrs. George Ramey of Pahokee. Mrs. Grady Chancellor, who suffered a heart attack and is a patient in the Everglades Memorial Hospital, is reported to be improving very much.

IN THE CIRCUIT COURT OF THE FIFTEENTH JUDICIAL CIRCUIT OF FLORIDA, IN AND FOR PALM BEACH COUNTY

JANIE SULLIVAN PILCHER, Plaintiff

-VS- JAMES Z. PILCHER, Defendant

NOTICE OF SUIT

TO: JAMES Z. PILCHER, 1495 Lakewood Avenue Southeast Atlanta, Georgia

You are hereby notified that Janie Sullivan Pilcher has filed a Bill of Complaint against you for divorce, and you are required to serve a copy of your answer to the complaint on the plaintiff's attorney, Thad Waiden, P. O. Box 165, Pahokee, Florida, and file the original answer in the office of the Clerk of the Circuit Court of Palm Beach County, Florida, on or before the 26th day of March, 1962; if you fail so to do, judgment by default will be taken against you for the relief demanded in the complaint.

DATED this 14th day of February, 1962.

J. ALEX ARNETTE, CLERK OF CIRCUIT COURT (Circuit Court Seal)

By Thaddeus F. Plant, Deputy Clerk

Published: Feb. 23, March 2, 9, 16, 1962.

Thad Waiden, Attorney for Plaintiff, Pahokee, Florida

*"Today we need a nation of Minute Men
citizens who regard the preservation of freedom
as a basic purpose of their daily life"*

— JOHN FITZGERALD KENNEDY

10 days after his inauguration
as the 35th President of the
United States.

Twenty years ago, in the dark, uneasy days before Pearl Harbor, the Minute Man of Concord, timeless symbol of our Nation's determination to defend its freedom, emerged as the emblem of the U. S. Savings Bonds Program. When war came, the Minute Man became the rallying force behind the huge and overwhelmingly successful effort to back our fighting men with War Bonds.

In this, the 20th anniversary year of Savings Bonds, the Minute Man of Concord calls all Americans to an unrelenting effort to help preserve our peace and freedom, threatened by forces more powerful and resourceful than those we faced in 1941. Though this effort will take many forms, one way open to all is the continued investment in Shares in America, U. S. Savings Bonds, by "citizens who regard the preservation of freedom as a basic purpose of their daily life."

BUY U.S. SAVINGS BONDS

For 20 years America's newspapers have published Savings Bonds ads at no cost to the Government. The Treasury Dept. is grateful to The Advertising Council and this newspaper for their patriotic support.

Southern Baptists Receive Half Billion

Total gifts to Southern Baptist churches reached \$501,901,714 in 1961, the first time they have exceeded the half-billion dollar mark, the Southern Baptist Convention reported recently.
The total was more than 20 million dollars above 1960, according to J. P. Edmunds, secretary of the Baptist Sunday School Board's research and statistics department.

Christian Science Group Of Canal Point

Churches of Christ, Scientist
The spiritual relationship of God and man will be brought out at Christian Science services this Sunday.
Highlighting the Lesson-Sermon on the subject of "Man" is the Golden Text from Psalm 100: "Know ye that the Lord he is God: it is he that hath made us, and not we ourselves; we are his people, and the sheep of his pasture."
One of the citations to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states p. 265: "Mortals must gravitate Godward, their affections and aims grow spiritual, — they must near the broader interpretations of being, and gain some proper sense of the infinite—in order that sin and mortality may be put off."
G. T. Echols was able to return home after being a patient in the Everglades Memorial Hospital for a week. Mr. Echols has received treatment and tests were made and he is greatly improved.

COOK BETTER
the modern flameless electric way!

IT'S CLEANER! There's no fuel grime to stain walls and settle on curtains. No soot to blacken utensils...they keep shining bright. Your whole family will love the "lace hanky" cleanliness of flameless electric cooking.
IT'S COOLER! Pots and pans come into direct contact with the electric range heating element for speediest cooking without wasted heat. Your kitchen stays up to 16 degrees cooler in the summer.
IT'S SAFER! Only flameless electric cooking is free from fumes, fuel odors, and constant-burning pilot flame. Easy-to-use automatic controls regulate the heat and do away with pot-watching. Meals cook to perfection while you're away...giving you more time for your family, shopping, and doing other things...with precious peace of mind.
Cooking with flameless electricity is the smartest way today—tomorrow the only way. See your electric appliance dealer.

Paul Rogers Again Asks Congress Job

In a statement today, Congressman Paul G. Rogers said:

"In accordance with the election laws of the State, I am today filing with the Florida Secretary of State my declaration of candidacy for re-election to Congress from the Sixth District of Florida.

"As the Congressman of the 6th District I am grateful for the fine support that the people of our area have given me in carrying out the duties as their Representative in Washington. As before, I pledge to them my continued full time representation of their interests and views in the Congress for the well being of our Nation.

"Today, a Member of Congress has three main functions. Without being limited to these alone, they consist of the following:

"First and foremost, it is my duty to represent the views of our citizens by my vote on the legislation before the Congress. To do this, I have made it my practice to seek the view of our people in every way possible, including the use of an Annual Questionnaire.

"With these views and the additional information available to me, I cast my vote in the manner which I believe will best serve our own people and the entire Nation.

"Each one of these votes is important. In order to give proper representation to our people I have maintained a 100 per cent voting and attendance record in the House of Representatives for over 6 years, being present and voting on every roll call.

"Secondly, it is my duty to present legislation to the Congress which is needed by our area and the entire country.

"Locally, work on our harbor and river projects, as well as flood control, have consistently received my personal attention and support. Our airports, post offices and other Federal facilities have been and continue to be watched closely and improved as needed.

"Nationally, several items have been of prime interest to me. Our growing National debt and federal expenditures are becoming critical. Ever since coming to Congress I have worked to eliminate waste and inefficiency in government op-

erations. My budget reform bills have put the Federal Budget on a more business-like approach and have built in better Congressional control and review over expenditures year to year.

4-H Club Meeting Held On Thursday

The Canal Point 4-H Club held its meeting Thursday, March 1. Nancy Harrington, president, presided. Patricia Hoyle gave the devotion and led the group in pledges to the flag. Shirley Trett and Sylvia Martin led the Club in singing 4-H songs. Miss Miriam LoPinto gave suggestions for completing record books. Maxine Trett and Gloria Hall gave a demonstration "How to Devil Eggs."

Laith Nall of Leesburg is visiting Mrs. Nall for several days.

APPRECIATION

Since it will be an utter impossibility to acknowledge each personally as I would like to do, my family and I take this means to express in genuine sincerity our gratefulness for the innumerable expressions of sympathy and willingness to help in this time of illness. These friendships we consider priceless and we covet a continuance of your earnest prayers for a complete recovery.

MR. and Mrs. FRANK
WILSON and FAMILY

APPRECIATION

We wish to thank our friends for their kindness and thoughtfulness during Mr. Pope's recent illness. To each and every one who helped through their prayers, calls, cards and in any other way to lighten the load, we are deeply grateful. Many thanks.

MR. and MRS. A. L.
(JACK) POPE

Choir Attends Merritt Island Meet

The Intermediate Choir of the First Baptist Church of Pahokee attended the State Music Festival at First Baptist Church at Merritt Island Saturday. They were awarded an A-94. Mrs. Guthrie Colvard directs the choir and Miss Rebecca Grimes is the pianist. There are 16 members.

70 Will Attend Democrat Dinner

Belle Glade — Seventy persons from the Glades area will attend the Democratic dinner scheduled for Miami Beach Saturday night.

The dinner — at \$100 a ticket — will have President John Kennedy as featured speaker. The Glades Democrats plan to attend as a group.

Another \$1000 Fish Caught In Contest

One more \$1,000 fish was caught during the past week in the Southeast division of the Schlitz fishing contest. Mrs. Orville Williams, Wabasso, Florida, caught a snapper with a tag which turned out to be worth the \$1,000. Reported before that was a \$1,000 bass caught by Glenn T. Bell of Okeechobee and Tampa.

All fish are tagged and released by the Florida State Board of Conservation and the Florida Game and Fresh Water Fish Commission in the 1962 fish research-and-sport program financed by the Joseph Schlitz Brewing Company.

Mr. and Mrs. Will Nason and son, Nat. of West Palm Beach were the Sunday guests of Mr. and Mrs. Earl Maxson.

Mrs. Gene Butler has returned to her home from a visit with her sister in Bowling Green.
